

## 2002-2003 CSAP Data Grade 3

Beginning in late November of the 2002-2003 school year, 3 elementary schools in Aurora Public Schools participated in a pilot and used the Daily Language Instruction materials for the first time with 3<sup>rd</sup> grade students. Aurora has challenging demographics as reflected by their free/reduced lunch figures. The data below show the net change in writing scores for students in those schools, ranging from -2% to +16%.
